

ITI0209: User Interfaces

# 16. Wrapping it Up

Martin Verrev

Spring 2023

**✗ Don't jump straight to solutions**

Persona

Who has the problem?

Problem

What is the problem?

Strategy

How will we solve the problem?

Objective

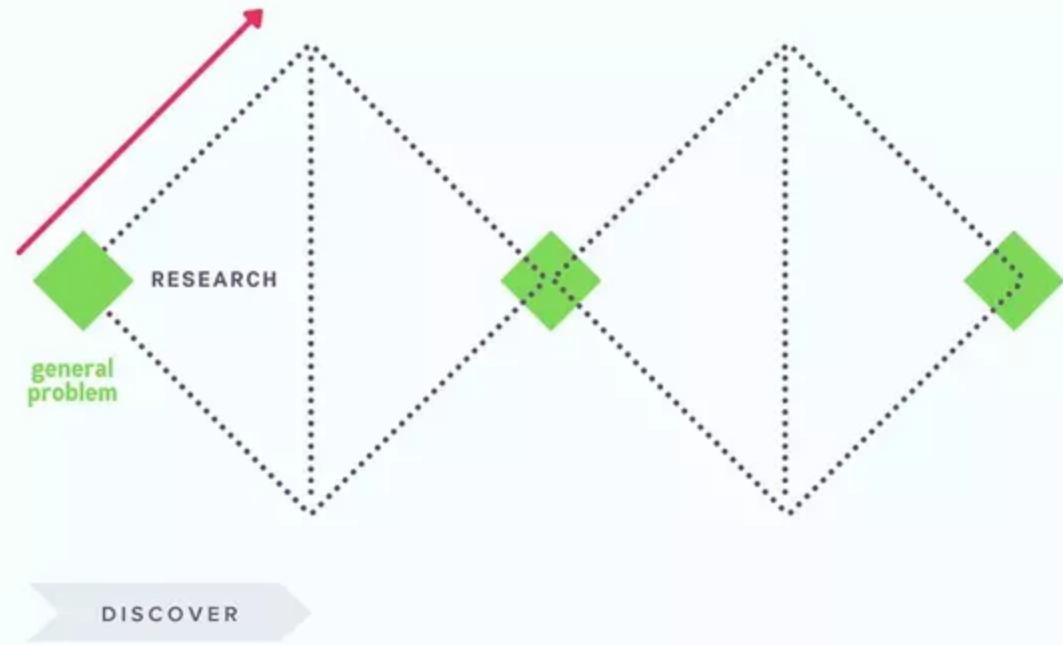

What will the solution achieve?

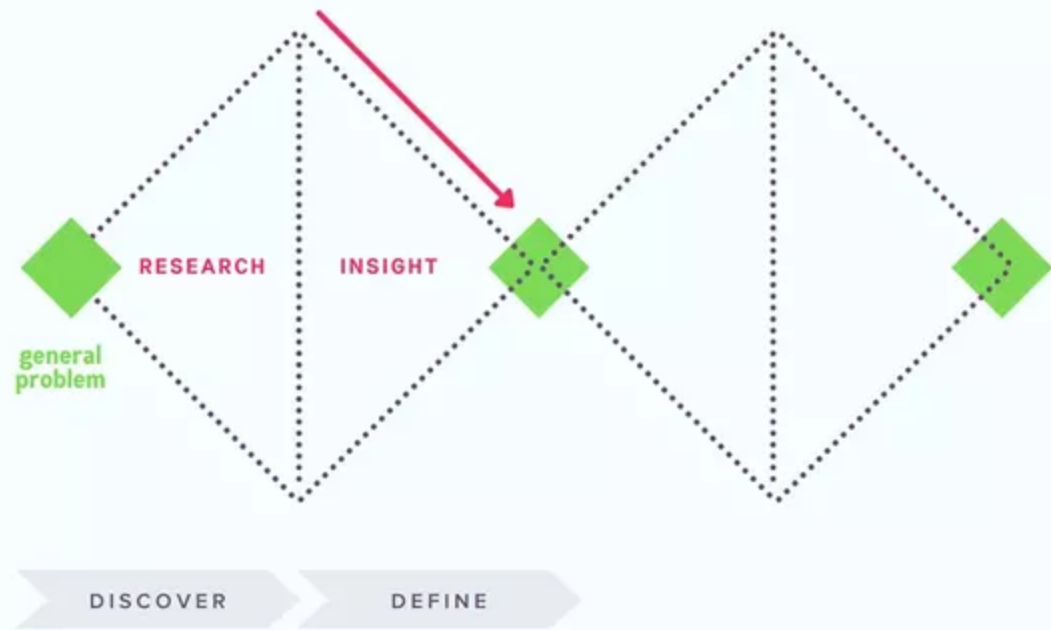

Features

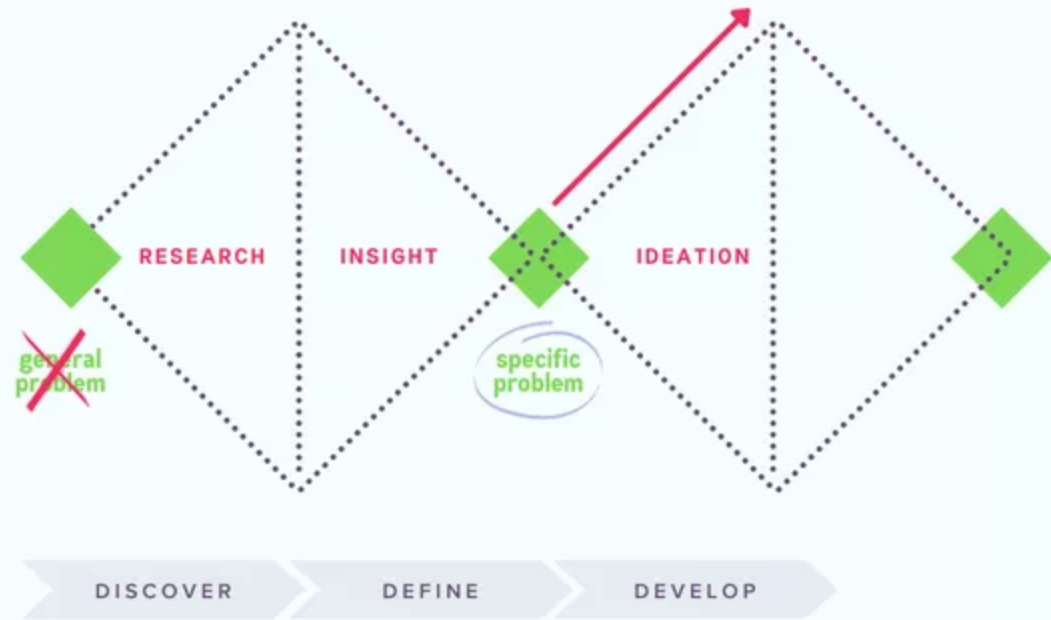

What features are required to accomplish the objective?

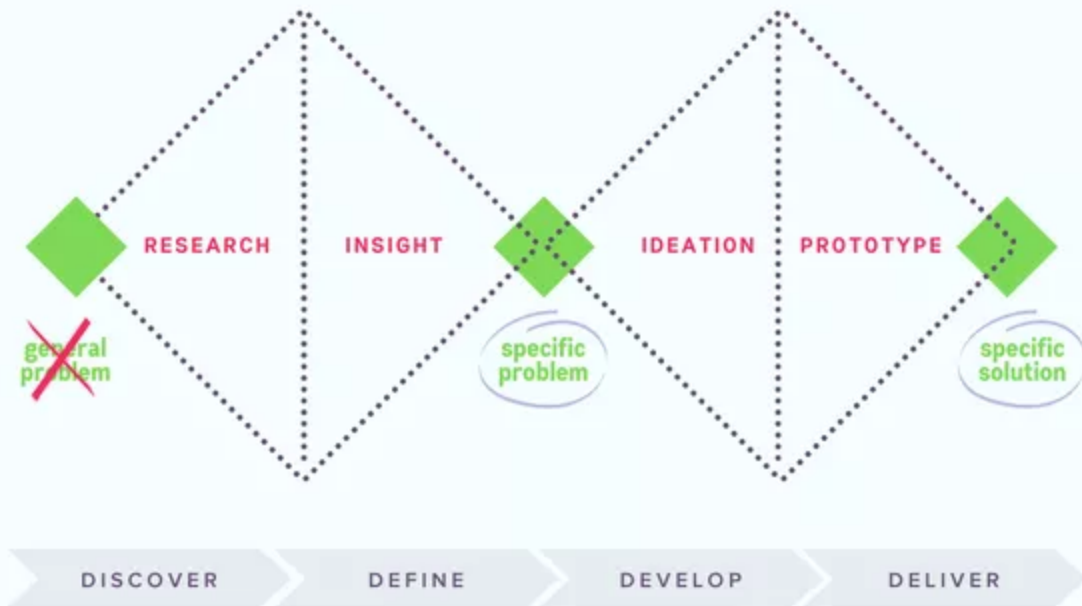

Solution

What will the product look like and how will it function?

# Different Roles

- User Experience (UX) Designer = Research + Design
- UI Developer = Design + HTML/CSS/JS
- Application Developer = Back-End + HTML/CSS/JS, etc.

**Thank you!**
